

Khushi Sharma

BCA Graduate | Entry-Level Web & Software Developer

Delhi, India · +91 88265 58620 · khushisharma13144@gmail.com · LinkedIn · GitHub · Portfolio

PROFESSIONAL SUMMARY

BCA Graduate with foundational knowledge of web development and programming, including HTML, CSS, JavaScript, React.js, Node.js, Python, and DBMS. Familiar with version control tools such as Git and GitHub, and experienced in building practical projects to strengthen technical and problem-solving skills. Proficient in Microsoft Office tools and continuously learning modern technologies to improve development skills. Seeking an entry-level opportunity in the IT sector where I can apply my technical knowledge, gain practical experience, and contribute effectively while growing professionally.

TECHNICAL SKILLS

- 🚩 Languages: HTML5, CSS3, JavaScript, Python, SQL, C++(Basics)
- 🚩 Frontend & Backend: React.js, Node.js, Responsive Web design, DOM Manipulation, API Intergration.
- 🚩 Database: DBMS, Postgre SQL, Mongo DB
- 🚩 Tools & Technologies: Git, GitHub, VS Code, Microsoft Office, MS Excel, Google colab, Power Bi
- 🚩 Core skills: Problem Solving, Version Control, Team Collaboration, Time management.

PROJECT

Portfolio Website <https://khushisharma7891.github.io/portfolio/>

HTML5, CSS3, JavaScript, Responsive Design, Github Pages

- Built a personal portfolio website to present my projects, skills, and background in a cleaned and organized way.
- Used CSS animations and a mobile-friendly layout to make the site look good on different screen sizes.
- Hosted the site on github pages and managed the code using Git for version control.

Smart City Explorer <https://khushisharma7891.github.io/Smart-City-Explorer-/>

HTML5, CSS3, JavaScript, Leaflet.js

- Developed an interactive map-based web app that helps users find nearby places like hospitals, metro stations, and restaurants.
- Used Leaflet.js to add map features including location markers, search, and basic route distance display.
- Focused on making the interface simple and easy to use across different devices.

URL Shortener | Python Project <https://github.com/Khushisharma7891/Code-with-python>

Python, String Handling, CLI

- Build a python script that takes a long URL as input and returns a shorter version using string logic.
- This project helped me get more comfortable with Python basics like functions, string handling, and user inputs.

EXPERIENCE

Python Developer Virtual Internship – Code clause

- Worked on Python-based tasks and small projects during the internship, focusing n programming logic, string handling, and writing clean code.
- Gained practical exposure to real-world project development, which helped improve my problem-solving approach and overall coding confidence.

EDUCATION

Bachelors of Computer Application(BCA) – Graduate

2023-26

Galgotias University , Greater Noida

Class 12th – Passed

2022

CBSE, Delhi

Class 10th – Passed

2020

CBSE, Delhi

CERTIFICATION

- Data Visualization using Power Bi Great Learning
- Diploma in Computer Applications (MS Office, MIS, Advanced Excel, tally) Vyas Computer & Academic Edu. Delhi.
- Python Developer – Code clause.
